PRE-SCREENING INTERVIEW EVENT:

Multimatic

Thursday, November 5, 2026
10:00 a.m. – 1:00 p.m.

Screening location details will be provided only to registered candidates with relevant experience and/or qualifications.

Achēv is partnering with Multimatic to host pre-screening interviews for Composite Technicians.

- Key Requirements:
  - Composite manufacturing, lamination and vacuum bagging experience
  - Ability to read technical drawings and blueprints
  - Experience using hand and power tools in a manufacturing environment
  - Education: High School Diploma or equivalent required
- Position is located in Markham

Please note: Interviews will be conducted onsite.
Persons with disabilities and individuals receiving ODSP are welcome to apply. Register today to book your personal screening time.
